"My Life. My Choice. My Hospice."

Our Patients and Families say it Best...

"They (Hospice) cannot add days to your life, but they can absolutely add life to your days."

"Calling Hospice is not "giving up"... it is the opposite. For (our infant daughter), it meant a high quality of life and care from loving, committed and thoughtful professionals. For that, we are ever grateful."

"Hospice was a blessing to me. Without their help, I would not have been able to care for my husband at home."

"If my family and I would have known what the hospice team brings, we could have called three months earlier."

If you think hospice care may be right for you, call us today to learn how hospice can help.

What is Hospice?

Hospice is a philosophy of care for people who are nearing the end of their lives. The emphasis is on comfort care rather than curative treatment.

Hospice care combines pain and symptom management with practical and emotional support in the comfort of the patient's home. Hospice services are also available at area skilled nursing and assisted living facilities and any place the patient calls "home".

The Hospice of Amador and Calaveras Team focuses on meeting the needs of patients and their families. Specialized support and care are carried out under the direction of your personal physician.

Our team approach enhances the quality of life and is part of what makes hospice care unique.

Choosing Hospice:

Anyone can refer a patient to hospice. If you would like more information regarding hospice services for a loved one or yourself, call today at 209.223.5500.

You, or a loved one, may be eligible for hospice care:

- If you want to spend your final days living your life to the fullest extent possible.
- If curative treatment is no longer an option and you prefer comfort focused care.
- If your physician has recommended hospice care.
- If you or your loved one is diagnosed with a terminal illness and may have less than 6 months to live.

We believe human life is sacred...for every person, at every moment.

Who pays for Hospice Care?

Medicare, Medi-cal, most insurance companies and HMOs cover the majority of hospice car. In addition, Hospice of Amador and Calaveras receives financial support from the community, proceeds from our thrift stores, grants, fundraisers, and individual donations which allow us to meet our mission of providing quality care to everyone who needs it regardless of their ability to pay.
